Timeline

Before

Preparation sets the tone for the workshop

- Set clear objective
- Identify participants – keep it small
- Prep the output materials w. examples and hypotheses

Timeline

During

Establish clear objectives & run it with precision

- Give context
- Set expectations – what 'good' looks like
- Solicit input from each functional lead
- Timebox sections – breadth, not depth

Timeline

After

Synthesise your
insights

- Synthesise ideas
- Encourage feedback from participants
- Clarify concepts in 1:1 settings
